What is “myRARE®?”

myRARE is the **Patient Support Program** that can help you access EVKEEZA® (evinacumab-dgnb) as prescribed by your healthcare provider.

What does myRARE stand for?

Regeneron

Regeneron is committed to people living with and affected by rare diseases. We developed the myRARE program for patients on Regeneron treatments

Access

myRARE helps patients obtain access to Regeneron medications and provides support to eligible patients

Resources

myRARE develops resources for patients and caregivers to support and educate them throughout the treatment journey

Empowerment

myRARE believes in patient empowerment and helps patients be their own best advocates

Meet our team: the myRARE Patient Navigators

After enrolling in myRARE, you will be teamed up with a Patient Navigator who can connect you with all of the myRARE support offerings.*

Once you have enrolled in myRARE, your Patient Navigator will **call you to welcome you** to the program.

100%

of patients

responding to a survey reported that their Patient Navigator[†]:

- *Listens* to their concerns and cares about what is important to them related to their EVKEEZA treatment
- *Supports* them to receive their EVKEEZA treatment

*While your Patient Navigator is your contact for myRARE support, remember that your doctor is your go-to for information about your condition and treatment.
